

# Flowchart 1 - How a care home can assess suitability of a patient's own drugs no longer required by them to store for re-use during the COVID 19 pandemic

**Note: This document can ONLY be used if the Care Home has agreed to participate in the medicines re-use scheme during COVID 19 Pandemic**

## Flowchart 2 – How to access medicines (from the re-use list) when needed **URGENTLY** by a patient as part of the DHCS medicines re-use scheme during the COVID 19

**Note: This document can ONLY be used if the Care Home has agreed to participate in the medicines re-use scheme during COVID 19 Pandemic**

Developed for use in the COVID-19 pandemic (2020) in collaboration with:

Lambeth Medicines Optimisation team and Southwark Medicines Optimisation team (part of SELCCG)  
Integrated Care Pharmacy team, Guy’s & St Thomas’ NHS Foundation Trust  
Care Home Pharmacist, Quay Health Solutions GP Federation (Southwark)
