Title	Review of EAC te	rms of reference		
This paper is for decision				
Executive Summary	The terms of reference for the Engagement Assurance Committee outline the main roles, responsibilities and ways of working of the committee. They were recommended by the Committee at its first meeting in January 2021 for approval by the Governing Body. They were approved by the Governing Body at its May meeting which was the first formal meeting in 2021 due to governance being suspended in quarter 4 as part of pandemic response. Proposed amendments are highlighted in yellow and include:			
	 Proposed changes to the terms of office for public members so all members' terms of office last until March 2022 which will be the last meeting of the committee due to CCGs no longer existing from 31 March 2022 (section 5.2) The insertion of the governance team in sections 10.2 and 10.3 to reflect their support with the running of the committee. 			
Recommended action for the Committee	The committee is asked to recommend the proposed changes to the terms of reference for approval. The amendments to the terms of reference will then be presented to the Governing Body at its next meeting on 16 September 2012 for approval.

		If the amendments to the public members' terms of

	Equality impact	The proposed changes have no equality impact. However, it is worth noting the diversity of the current public membership of the committee.		
		Furthermore, the terms of reference outline its role in relation to the Equality Act 2010 and the importance of engaging with those who are seldom heard,
