

## Bromley Borough Based Board

DATE: 2 September 2021

<b>Title</b>	<b>Winter Review 20/21 and 21/22 Winter Planning</b>	
This paper is for <b>information/discussion</b>		
Executive Summary	<ul style="list-style-type: none"> <li>• <i>The attached slide pack provides a summary of the activity, impact and lessons learnt from winter 20/21</i></li> <li>• <i>An initial outline of how we are preparing for winter 2021/2022 is provided around five pillars of activity which are:</i> <ol style="list-style-type: none"> <li>1. <i>Increasing system capacity</i></li> <li>2. <i>Data Sharing and escalation</i></li> <li>3. <i>Single Point of Access and Discharge Arrangements</i></li> <li>4. <i>Admissions Avoidance</i></li> <li>5. <i>Communication and Engagement</i></li> </ol> </li> </ul> <p><i>The 21/22 plan mobilises the annual activity that has shown to be successful year on year, with some additional actions to ensure system preparedness and response in a winter which is predicted to be one of the most challenged to date.</i></p>	
Recommended action for the Committee	<i>It is recommended that the BBB provide feedback on the proposed activity under the 5 pillars of the 2021/22 Winter Plan</i>	
Potential Conflicts of Interest		
Impacts of this proposal	Key risks & mitigations	<i>The system is unable to meet the presenting demand and Bromley residents are unable to access specialist provision to meet their needs – this is mitigated through the winter planning process and will be further mitigated through ongoing system working throughout the winter period to continue to respond to presenting needs and challenges as they emerge</i>
	Equality impact	<i>Ensuring system resilience to meet presenting need throughout the winter supports the Health Inequalities</i>

		<i>Act</i>
	Financial impact	<i>Winter Monies are allocated to the CCG and LBB through the Better Care Fund to invest in the local system to meet the surge in demand throughout this period</i>
Wider support for this proposal	Public Engagement	<i>Public engagement on elements of the winter activity has been undertaken including the experience of those going through the Bromley SPA.  Proactive public engagement to ensure residents are aware of what services are available and how to access them is a key strand of the winter preparation and delivery</i>
	Other Committee Discussion/ Internal Engagement	<i>Iterations of the report have been taken to ONE Bromley Bromley AEDB Adult Services Senior Leadership Team (LBB) Integrated commissioning Board (ICB)  The Winter Plan is also going to PDS and the Health and wellbeing Board  (see slide 17 in the pack for full timetable on the Winter Plan development)</i>
