During the meeting:

- When you first join the meeting room, please enter your name and location into the chat box.
- When you first join the meeting your microphone should be automatically muted. Muting and unmuting your microphone can easily be done by selecting Mute in the bottom left corner of Zoom.
- When a red line is showing through the microphone icon it means you are muted.
- Ensure you are in a private space away from noise, and ensure your microphone is muted when you are not talking.
- If you are using a laptop and your microphone is unmuted, please do not type on the keyboard. Onboard microphones easily pick up local vibrations.
- Please speak towards the microphone and maintain a constant/confident volume.
- Refrain from ruffling papers anywhere near a microphone/laptop/webcam.
- All pagers and mobile phones must be muted during the session. Please leave the room to answer a phone call.
- Please ensure your IT Support team are aware of this scheduled meeting.
