Engagement Assurance Committee

DATE: 15 November 2021

Title	Working with people and communities – ICS strategy	
This paper is for discussion		
Executive Summary	<p>The attached paper provides an update on the approach and next steps to of the development of the ICS strategy for working with people and communities.</p> <p>The paper has been discussed at the ICS Executive meeting at the end of October and with the Working with People and Communities Strategy Steering Group (membership is outlined on page 7). The strategy is being developed through an iterative approach. This version of the papers had incorporated comments from the ICS Executive and from steering group members. There was also an extensive discussion at the steering group meeting on 5 November.</p>	
Recommended action for the Committee	The committee is asked to discuss and particularly give comments and feedback on the draft vision and principles as currently set out on pages 2 -3.	
Potential Conflicts of Interest	None	
Impacts of this proposal	Key risks & mitigations	A key risk is the timescales and resource needed to develop the approach and have a strategy in place by April 2022. However, there is a lot of good work in South East London in terms of engagement and reframing the relationship with local people and communities that has taken place during the pandemic and the ICS will continue to develop and refine its approach beyond April 2022.
	Equality impact	The papers outlines the importance of working with the diverse communities across south east London to address health inequalities.
	Financial impact	Resources to be identified.
Which corporate objective does	1: To ensure we commission services which meet the health and wellbeing needs of the population and reduce health inequalities

	3: To enhance collaborative working with other health and care organisations to develop and deliver an effective ICS – able to deliver national, ICS and local objectives - with our population at the centre	
	4: Strengthen our partnership working and develop a culture which embraces lessons learned and surfaces and embeds best practice	
	5: To secure the active participation and visibility of patients and local people, including from diverse and seldom heard groups, in the planning and design of local services	X
	6: To ensure that clinical leadership is embedded in our ways of working and our change programmes including the involvement of member practices and system partners	
	7: Develop an organisation and workforce capable of delivering the CCG's objectives and ensure members of the organisation feel valued and enjoy coming to work.	
	8: Ensure that the CCG meets its commitments with regards financial and performance improvement, maintains effective governance within the organisation and across partnerships, and optimises progress against the delivery of NHS constitutional standards
