

Health Checks For People with Learning Disabilities

Did you know

Everyone with a learning disability can ask for a health check every year at their GP surgery

A health check can help you keep well

You have your health check at your surgery with the nurse

If you are worried about having a health check let your surgery know

You can take someone with you to your health check

If you would like a health check take this leaflet into your surgery

If you have any questions please call the Bexley Learning Disability Team on 020 8269 3300
