# Paediatric Prescribing Support in South East London

SEL Formulary Interface Pharmacist, based at the Evelina London Children's Hospital  
**Helen Cooper**

Here to support the prescribing and supplying of medicines to children, especially unlicensed specials.

Email: [Helen.Cooper@gstt.nhs.uk](mailto:Helen.Cooper@gstt.nhs.uk)

## Primary Care

- Review and rationalise unlicensed specials prescribing— ensure cost effective, optimal formulations are supplied to children across the region
- Improve South East London Paediatric Formulary access
- Provide training and promote upskilling
- Support complex patient medication reviews

## Service User

- Ensure continuity of medicines supply
- Ensure medication safety
- Advise and support patients and/or parents/carers

## Secondary/Tertiary Care

- Pan-SEL paediatric formulary
- Standardise procurement of unlicensed medicines
- Support interface issues

## ICS Transforming care

- Aid with transfer of care to appropriate setting
- Consult with the MSO team and respond to medication incidents
- Create guidance and information for HCP involved with the prescribing and/or supply of medicines to children
