

South East London Area Prescribing Committee (SEL APC)

**Withdrawal of shared care guideline
(issued January 2016):**

Disease Modifying Anti-rheumatic Drugs (DMARDs): Azathioprine, Hydroxychloroquine, Leflunomide, Methotrexate, Mycophenolate and Sulfasalazine for the treatment of autoimmune rheumatic diseases in Adults

This shared care guideline has been withdrawn and replaced by the shared care guideline for the prescribing and monitoring of non-biological immunomodulatory drugs in dermatology, gastroenterology and autoimmune hepatitis, neurology, ophthalmology, oral medicine, respiratory and rheumatology in ADULTS.

This shared care guideline can be accessed [here](#).
